

Week	36	37	38	39	
W/C Date	25-Jun	2-Jul	9-Jul	16-Jul	
Topic					
Key Objectives	Is our weather becoming more extreme? Set 1 – Q1.4 – research, plan and learn	Human causes of climate change. Improve answer to set question.	Managing climate change involves both mitigation and adaptation	Fieldwork	
	Answer question Set 1 q1.4	Effects of climate change - LICs	100% sheet creation for weather – Peer assess & feedback	Fieldwork	
	Evidence for climate change. Natural causes of climate change	Effects of climate change - HICs	Ecosystems exist at a range of scales and involve the interaction between biotic and abiotic components.	Fieldwork	
Assessment	Specimen assessment 1, q1.4				
Homework	SAM learning				

Department Year 11 grades 3-8 long term plan		Key Skills to be Covered
	Assessment weeks	
	Moderation week	
	Data Capture	
	STAR marking	
	Exit Poll	

Week	1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17	18
W/C Date	03-Sep	10-Sep	17-Sep	24-Sep	01-Oct	08-Oct	15-Oct		29-Oct	05-Nov	12-Nov	19-Nov	26-Nov	03-Dec	10-Dec	17-Dec		
Topic																		
Key Objectives	Fieldwork – key questions - Physical	Fieldwork – conclusions - Physical	Fieldwork – past paper practice – Physical	Feedback lesson	Reasons for growth of city – natural increase & migration	Mumbai – How urban growth has created opportunities – socially – health, education, access to resources eg water & energy economically – industrial areas	Evaluation of Mumbai’s management		Revision economic world	Revision tectonics & coasts	Assessment	Evaluate urban planning strategy – Mumbai – Set 2 1.9 – planning lesson	Explanation distribution of population and major cities in the UK	Urban change Birmingham – created opportunities – social & economic, environmental, impact of urban sprawl	Urban regeneration project – main features of the project	Sustainable urban living – water & energy conservation		
	Fieldwork data collection – Physical	Fieldwork Evaluation - physical	Mumbai - Urban planning improving quality of life for urban poor	Introduction to India – location, population, economic factors		Mumbai – How urban growth has created challenges – managing it eg slums, water access & sanitation, access to services, crime & unemployment, environment	Mumbai 100% case study sheet		Revision ecosystems	Revision rivers & coasts	Feedback lesson	Evaluate urban planning strategy – Mumbai – Set 2 1.9	UK population change – national and international migration	Explain challenges of growth – 6 mark question	Urban regeneration project – To what extent question about whether it tackled urban regeneration	Sustainable urban living – waste recycling		
	Fieldwork data analysis - Physical	Fieldwork write up	Evaluate urban planning strategy – Mumbai – Set 2 1.9	Mumbai – location, importance of city nationally & internationally	Mumbai – How urban growth has created opportunities – socially – health, education, access to resources eg water & energy economically – industrial areas	Mumbai – How urban growth has created challenges – managing it eg slums, water access & sanitation, access to services, crime & unemployment, environment	Planning for “assess” exam question – Set 3 1.5		Revision & weather Improving answers	100% sheets	Mumbai - Urban planning improving quality of life for urban poor	Overview of distribution of population and major cities in the UK	Introduction to Birmingham - Urban change in Birmingham created opportunities – social, economic & environmental	An example of an urban regeneration project to show: reasons why the area needed regeneration - Birmingham	Sustainable urban living – what is it & why cities aren’t sustainable	Sustainable urban living – creating urban space		
Assessment			Evaluate urban planning strategy – Mumbai –				Planning for “assess” exam							Explain challenges of
