

## What happens if someone in your family gets sick?

Please do not send your child to school if they, or anyone at home, has one or more of the following symptoms: high temperature, continuous cough, loss or change in their sense of taste or smell.

You must take the person with symptoms for a coronavirus test by booking it at <https://www.gov.uk/get-coronavirus-test>

The whole household must self-isolate until you receive a negative test result.

Thank you for your support
