- **Literature:** Albert Camus: L'Étranger: A novel (1942)
- **Film:** Christophe Barratier: Les Choristes: A feature film (2004)

### Course Information:

A Level French builds on skills acquired at GCSE and allows you to discover more about society and culture in the French-speaking world. You will be able to express yourself to a high level, confidently.

**Component 1: Speaking non-exam assessment:**  
30% of qualification.

**Component 2: Listening, Reading and Translation:**  
50% of qualification.

**Component 3: Critical and analytical response in writing based on prescribed works** 20% of qualification.

### Skills Required:

- Analytical mind for text analysis
- Debating and presentation
- Logic and application of rules

### Futures:

A Level Languages open up fantastic opportunities to travel and study abroad. Proficiency in language means that you can follow your chosen career path worldwide! They make an excellent combination with any other A Level subjects as sound preparation for employment or university after Sixth Form. Language skills have also been shown to increase your employability and your salary. Knowledge of a foreign language gives you an advantage to all future employers looking to grow and expand their trade. For self-employment, it means expanding your own business!

### Subject Enrichment:

Our students enjoy residential trips to Paris and the University of Leeds through Linguastars. See the sights and sounds of the French capital whilst tasting new foods! Our students regularly get the chance to see foreign films and television. We also encourage students to get involved in French volunteer workcamps (Rempart). Support through Kerboodle and one to one sessions will mean that you always know that help is at hand.
