

Student Access

To access homework, students can take two routes.

Route 1: log in with school e-mail address and password

1. Students should go to www.satchelone.com/login
2. They then select 'Student', click 'Office 365' and use their school details to log in.

Route 2: complete homework without logging in

If students cannot remember their e-mail address or password, they can still access their homework.

1. Students should go to <https://beckfootthornton.satchelone.com>
2. Students can select their year, subject, teacher or class and find the homework that they have been set.
